During the Quarter ended 31st December, 1935, in addition to £1,024 7s. 10d. recommended for payment as above the sum of £15,875 14s. 3d. was certified to the Finance Committee as follows:—Main Roads, £4,791 13s. 2d.; County Roads, £2,642 18s. 2d.; Grants and Loans, £8,438 2s. 11d.

As previously reported, contractors are finding increasing difficulty in maintaining even the bye-roads entrusted to their care, and a further number of cases have to be dealt with under the Act, which enables the work to be done independently of the contractor.

At your Quarterly Meeting twelve months ago, I reported on the question of trees blown down on the public roads, and the possibility of accidents occurring from this cause. Perhaps owing to the development of modern traffic, new legislation may be desirable to deal with this matter, but it seems that erroneous opinions are now held as to the responsibility of the County Council. During the recent storms some 40 to 50 trees fell on direct labour roads and as the road men had to clear the obstructions at a cost of approximately £9, I am supplying the Secretary with a list of the owners' names, so that applications may be made for refunds.

Your obedient servant,

JOHN RORKE,  
County Surveyor.

(10475)

#### OFFICERS' SALARIES.

The following letter dated 14th February, 1936, G. 206008/35, Cill Dara, from the Department of Local Government and Public Health was read:—

A Chara,—

I am directed by the Minister for Local Government and Public Health to refer to your letter of the 20th December last and previous correspondence with regard to the proposal of the County Council to increase the salaries of certain members of the County Council Staff.

The Minister has approved of the Council's proposal with regard to Mr. Patrick O'Carroll, Clerk in the Accountant's Offices and Rates Checker, viz., to grant him an increment of £10 as from 25th November last with further annual increments of £10 until he reaches the maximum of £250 per annum, the yearly increment to accrue on the 25th November each year.

Approval has also been given to the following:—Miss Mary Mitchell to receive an increment of £10 as from the 25th November, 1935, and further increment of £10 on the 25th November, 1936, the new maximum to be £200 a year. Miss Marion Langan and Mr. Vincent Noone to proceed from their present salaries of £156 per annum to a new maximum of £180 per annum, by annual increments of £10, the first increment to accrue as from the 25th November, 1935.

With regard to the remaining officer, Miss Brigid Behan, I have to direct your attention to the letter of the 25th February, 1927 (R.S. 13). Miss Behan does not appear to have been sanctioned as a Clerk in the established staff. The proposal of the Council to place her on an incremental scale is premature, as her status appears to be still that of a temporary officer.

Mise, le meas,

J. COLLINS,

Ar son Runai.

The County Surveyor wrote as follows:—

Re Clerical Assistant: Miss Behan.

Dear Sir,—

In reference to your enquiry regarding letter of 14th February, 1936, from the Department in the case of my clerical assistant, Miss Behan, I wish to certify that she has been a very efficient official for several years past.

Owing to the experience which she has gained since 1927, she has a specialised knowledge of the various requirements necessary in such an office as this and, consequently, I

can safely recommend that she be placed on the permanent establishment.

Yours faithfully,

(Signed) JOHN RORKE.

P.S.—I may add that, owing to this action not having been previously taken, Miss Behan has, of course, lost pension rights for the years in question.

Mr. Phelan proposed and Mr. Tynan seconded and it was resolved:—"That this Council having regard to the efficiency and experience of Miss Behan request the Minister for Local Government and Public Health to be so good as to sanction her appointment on the permanent staff."

(10477)

#### MISS CUSACK'S SCHOLARSHIP.

The following letter was read from Miss Una Brigid Cusack dated 2nd February, 1936—  
University College,  
Earlsfort Terrace, Dublin.

A Chara,—

I wish to acknowledge receipt of your cheque for £9 as part payment of my Scholarship. I also received receipt for College Fees amounting to £27 11s 0d which were paid by you. This amount, £27 11s 0d, the Council will observe, is about double the amount payable for "Arts" course. The course allotted to me is one of the dearest, if not the dearest of University courses, both as regards fees and cost of text books. I believe that it was the knowledge of this fact that caused the Council to raise their Scholarships for 1936 to £75 as they have confined the choice of faculties to scientific courses. Might I respectfully point out that I too was allotted one of these courses—in fact the most expensive of them. I should be grateful, therefore, if the Council would consider raising my Scholarship to £75 in accordance with their new Scheme.

Mise, le fíor meas,

B. U. CUSACK.

Having considered the matter the Council decided to increase the amount of Miss Cusack's and Mr. Swan's Scholarships from £65 to £75 per annum from beginning of second year.

"I have been consulted by Mrs. Elizabeth Murray, of Royal Oak, Moyvalley, with reference to the flooding of her dwelling-house and premises at Royal Oak, consequent on the raising of the road in front of her house by the County Council. I am instructed

that the Council have raised the road on several occasions, the result of which is that my client's premises have been flooded and the house has become uninhabitable as a result of dampness. I am also instructed that the Council built a wall in front of my client's house with a view to preventing flooding, but that the wall is totally ineffective for this purpose, and in addition is a danger to those using the premises. In addition to which it prevents ordinary access to the house. I have been instructed to take such proceedings as may be advised, but in the meantime I should be glad to have your observations."

## COUNTY LIBRARY.

The following letter, dated 12th March, 1936, was read from the County Librarian :

County Library,  
Newbridge,  
Co. Kildare.

Copy.

Dear Mr. Coffey :—

I am directed by the Library Committee to forward to the County Council the enclosed copy of a letter received from the Town Commissioners in regard to portion of the boundary wall erected between the Council's property and the front garden of the site owned by Mr. J. Partridge, N.T.

I am also directed to forward the following resolution passed at a meeting held on the 3rd instant :—

"That the portion of the boundary wall projecting outside the front line of the garage at the north side of Mr. Partridge's house be lowered to correspond with the dwarf wall in front of library grounds and surrounded by a railing as already erected, and that a trellis screen of suitable height be run from the corner of Mr. Partridge's garage to the front line of the library building and planted with privet or suitable dwarf hedge on the road side of the trellis work."

The estimate of Mr. A. K. Sargent, Engineer, of £25 for the lowering of the disputed portion of the wall, erecting the trellis work and planting the hedge was considered at a special meeting held on the 6th instant. The estimate was approved but as the cost exceeds the amount allotted for the erection of the library, and cannot be defrayed out of the Library funds, the consent of the County Council is necessary for carrying out of this extra work.

Yours faithfully,

(Sgd.),

JOHN C. CONNOLLY.

Mr. W. E. Coffey,  
Secretary, Kildare County Council.

Town Commissioners Office,  
Droichead Nua,  
18th February, 1936.

Copy.

Dear Mr. Connolly,

I am instructed by the Town Commissioners to forward to your Committee the following copy of extract from a letter received from Mr. J. Partridge, N.T.:—

Copy.

" I beg to bring before you the following complaint, in the hope that you may be in time to prevent what I consider is a most frightful injustice from being done to me.

The part of the wall which separates my holding from the library, and which extends beyond the front of my house, is being erected by the Contractor, at a height of 6 or 7 feet, depriving my tenant and me of any view towards the town. If Mr. Fenning looks out of his door he will now be looking into a concrete wall. Surely this will not be allowed by you. If a 3ft. wall and railing is on the front of the library, surely the same should continue round to separate my front (or at any rate a dwarf wall and railing as was mentioned in the lease).

I leave the matter in your hands, sure that will prevent this."

Yours faithfully,

(Signed) JOHN KELLY,  
Town Clerk.

J. C. Connolly, Esq.,  
Co. Librarian,  
Droichead Nua.

Mr. Fitzsimons proposed and Mr. Connell seconded, and it was resolved :—"That the recommendation of the Library Committee be approved and that an additional sum of £25 be allocated for the purpose."

(10509).

OVERBRIDGE.

A letter, dated 2nd March, 1935, was read from the County Surveyor enclosing the following letter from Great Southern Railways and copy of his reply thereto dated 2nd March, 1936 :—

J. Rorke, Esq.,  
County Surveyor, Naas.

Dear Sir :—

I beg to inform you that this Company proposes to renew overbridge No. 65 Dublin and Cork Section, County Kildare.

I have been in correspondence with the Minister for Local Government and Public Health and he has intimated that provision will be made for your Council to recoup this Company to the extent of the estimated cost for this bridge due to providing for the needs of modern traffic. The extra cost for this bridge will amount to £143.

I will send you a formal application for this amount when the work has been completed.

Yours truly,

PUBLIC ROAD OVERBRIDGES.

No. 65 Dublin-Cork Section. Your Ref.  
P.19/27037.

Dear Sir :—

I am in receipt of your letter of the 29th February, informing me that you intend to charge my Council with part of the cost of renewing some bridge in this County, and that you have made arrangements with the Minister for Local Government and Public Health to this effect.

I may say that I have no intimation from him on the matter, and that I cannot understand how you can expect to be paid in the manner you suggest, without any arrangements with the County Council.

Perhaps you would give me a reference to your legal authority, and some description of the Bridge, by which I can know it.

Yours faithfully  
(Sgd.),

JOHN RORKE.

The Council approved of the terms of the County Surveyor's letter.

A Chara :—

I am directed by the Minister for Local Government and Public Health to inform you that he has under consideration the position of the Rate Collection in Kildare County, as disclosed in the monthly return for the period ending 29th ultimo, and to state, that, having regard to all the circumstances, he is not satisfied that the collection is being carried out with all possible diligence by the Collectors. In four districts a moiety of the rates has not so far been lodged, and it is apparent that unless the question is now taken up with the Collectors personally, the ratepayers who are in a position to pay will postpone meeting their obligations indefinitely.

I am to request that the following steps should now be taken, viz. :

1. A copy of this letter should be sent forthwith to every Collector in the County, with a request that the active steps so far taken to enforce the collection, and proposed to be taken before the end of this month, should be notified to you in writing within three days. Copies of these statements should be submitted to this Department. The Collectors should be warned that unless these statements are forthcoming by the prescribed time their suspension will follow. In any case in which the reply is evasive or unsatisfactory, the Collector should be so informed and a further opportunity afforded him to comply. If continued failure results, the matter should be put before the Council for necessary action.

2. The Rate Inspector, assisted, if necessary, by a member of the clerical staff, should arrange to visit the Districts of Collectors J. Dowling and J. Kelly, where the outstanding amounts require special explanation. The Rate Collector in each case should be interviewed as to the manner in which he has so far effected his collection, special attention being paid (i) to the dates on which the Demand Notes were actually served, (ii) the methods by which the fact that rates are now overdue are brought to the notice

## COUNTY LIBRARY.

The following letter, dated 12th March, 1936, was read from the County Librarian :

County Library,  
Newbridge,  
Co. Kildare.

Copy.

Dear Mr. Coffey :—

I am directed by the Library Committee to forward to the County Council the enclosed copy of a letter received from the Town Commissioners in regard to portion of the boundary wall erected between the Council's property and the front garden of the site owned by Mr. J. Partridge, N.T.

I am also directed to forward the following resolution passed at a meeting held on the 3rd instant :—

"That the portion of the boundary wall projecting outside the front line of the garage at the north side of Mr. Partridge's house be lowered to correspond with the dwarf wall in front of library grounds and surrounded by a railing as already erected, and that a trellis screen of suitable height be run from the corner of Mr. Partridge's garage to the front line of the library building and planted with privet or suitable dwarf hedge on the road side of the trellis work."

The estimate of Mr. A. K. Sargent, Engineer, of £25 for the lowering of the disputed portion of the wall, erecting the trellis work and planting the hedge was considered at a special meeting held on the 6th instant. The estimate was approved but as the cost exceeds the amount allotted for the erection of the library, and cannot be defrayed out of the Library funds, the consent of the County Council is necessary for carrying out of this extra work.

Yours faithfully,

(Sgd.),

JOHN C. CONNOLLY.

Mr. W. E. Coffey,  
Secretary, Kildare County Council.

Town Commissioners Office,  
Droichead Nua,  
18th February, 1936.

Copy.

Dear Mr. Connolly,

I am instructed by the Town Commissioners to forward to your Committee the following copy of extract from a letter received from Mr. J. Partridge, N.T. :—

Copy.

" I beg to bring before you the following complaint, in the hope that you may be in time to prevent what I consider is a most frightful injustice from being done to me.

The part of the wall which separates my holding from the library, and which extends beyond the front of my house, is being erected by the Contractor, at a height of 6 or 7 feet, depriving my tenant and me of any view towards the town. If Mr. Fenning looks out of his door he will now be looking into a concrete wall. Surely this will not be allowed by you. If a 3ft. wall and railing is on the front of the library, surely the same should continue round to separate my front (or at any rate a dwarf wall and railing as was mentioned in the lease).

I leave the matter in your hands, sure that will prevent this."

Yours faithfully,

(Signed) JOHN KELLY,  
Town Clerk.J. C. Connolly, Esq.,  
Co. Librarian,  
Droichead Nua.

Mr. Fitzsimons proposed and Mr. Connell seconded, and it was resolved :—"That the recommendation of the Library Committee be approved and that an additional sum of £25 be allocated for the purpose."

Dear Sir :—

I am in receipt of your letter of the 29th February, informing me that you intend to charge my Council with part of the cost of renewing some bridge in this County, and that you have made arrangements with the Minister for Local Government and Public Health to this effect.

I may say that I have no intimation from him on the matter, and that I cannot understand how you can expect to be paid in the manner you suggest, without any arrangements with the County Council.

Perhaps you would give me a reference to your legal authority, and some description of the Bridge, by which I can know it.

Yours faithfully

A Chara :—

I am directed by the Minister for Local Government and Public Health to inform you that he has under consideration the position of the Rate Collection in Kildare County, as disclosed in the monthly return for the period ending 29th ultimo, and to state, that, having regard to all the circumstances, he is not satisfied that the collection is being carried out with all possible diligence by the Collectors. In four districts a moiety of the rates has not so far been lodged, and it is apparent that unless the question is now taken up with the Collectors personally, the ratepayers who are in a position to pay will postpone meeting their obligations indefinitely.

I am to request that the following steps should now be taken, viz. :

1. A copy of this letter should be sent forthwith to every Collector in the County, with a request that the active steps so far taken to enforce the collection, and proposed to be taken before the end of this month, should be notified to you in writing within three days. Copies of these statements should be submitted to this Department. The Collectors should be warned that unless these statements are forthcoming by the prescribed time their suspension will follow. In any case in which the reply is evasive or unsatisfactory, the Collector should be so informed and a further opportunity afforded him to comply. If continued failure results, the matter should be put before the Council for necessary action.
2. The Rate Inspector, assisted, if necessary, by a member of the clerical staff, should arrange to visit the Districts of Collectors J. Dowling and J. Kelly, where the outstanding amounts require special explanation. The Rate Collector in each case should be interviewed as to the manner in which he has so far effected his collection, special attention being paid (i) to the dates on which the Demand Notes were actually served, (ii) the methods by which the fact that rates are now overdue are brought to the notice

of the ratepayer in default, i.e., whether ratepayers who are in arrear and in a position to have paid, have been visited personally by the Collector, and warned as to the consequences, (iii) the number of cases in which six days' notices have been issued or legal proceedings instituted. The special reports in all cases should be submitted to this Department.

I am to add that the Minister does not regard the position in any of the Districts in the County as satisfactory, due regard being had to the dates the warrants were issued and the progress made in other counties with comparable economic features. Apart from any disciplinary action by way of removal from office, which may be necessary, it should be borne in mind that up to the present considerable deference has been paid to the wishes of the Council in regard to the poundage payable to Collectors who have not complied with the conditions of their appointments. It is obvious that an impression has now arisen that payment at the maximum basis with in many cases an addition by way of bonus, will follow, irrespective of the dates of closing provided application to this effect is made.

The Minister now deems it necessary that there should be a clear understanding at this stage, that apart from cases in which graver disciplinary action is necessary, poundage at rates which may hitherto have been regarded as customary, will not be sanctioned unless there is reasonable compliance with the conditions prescribed. The Collectors would accordingly do well to realise that the results by way of remuneration will depend on an early closing of their warrants, and that the responsibility for any reductions made from the basic rate of poundage will rest entirely with themselves. Furthermore, the issue of the warrants for the coming financial year should not be presumed by any Collector who is not pre-

pared to carry out the directions to be issued by the Council in regard to the closing of the current warrant. The Minister sees no reason why a date not later than the 30th proximo should not be fixed by the Council for closing generally in regard to the whole county, and collectors notified to this effect. The views of the Council on this matter will be awaited.

Mise, le meas

(Sgd.),

J. COLLINS,

Ar son Runai.

The Secretary,  
Kildare County Council.

With regard to the first paragraph of the foregoing, the Secretary submitted Statements received from the Rate Collectors, and the Committee directed that copies thereof be forwarded to the Department of Local Government and Public Health.

As regards the second paragraph, the Secretary state that the Rate Inspector had visited the Districts of Collectors Dowling and Kelly, and found no irregularities on the part of the Collectors. The Rate Inspector's Report was submitted, and the Secretary stated that a copy of same was being forwarded to the Minister for Local Government and Public Health.

## COMMITTEE TO SEAL BONDS.

Proposed by Mr. Smyth, seconded by Mr. O'Neill, and resolved:—"That Messrs. P. J. Dunne, G. Byrne and P. Phelan be appointed a Committee to affix the Seal of the Council to the following documents in the presence of the Council and during the progress of the Council Meeting:—

BONDS FOR KILDARE DRAINAGE CONTRACTS.

ment, as above the sum of £17,030 7s 11d was certified to the Finance Committee as follows:—  
Main Roads, £8,720 12s 8d; County Roads, £2,981 5s 6d; Grants and oLans, £5,328 9s 9d.

These figures indicate that contractors' maintenance of the smaller roads is proceeding in a normal way, but a further number of contracts have been relinquished during the quarter.

As authorised recently I have consulted with the County Solicitor regarding the constant and extensive use of heavy sand lorries on certain minor roads and the question of proceeding under the Public Roads Act to recover damages which are considerable and increasing. He advises that Counsel's opinion and directions should be obtained, and I have to recommend this course be adopted, as the matter is too important to leave in its present position.

During recent months we have been able to continue road construction and improvement with practically all our steam rolling units and two hired rollers in addition. It is hoped to provide a full programme of this work during the year under the Loan for county roads which the Council decided to apply for some weeks ago and under the Road Fund Grant.

The progress of the reconstruction of Droichead Nua Liffey Bridge continues to be good and I am in hopes that this work will have been completed before your next Quarterly Meeting and public traffic restored.

Arrangements are being made to take tenders at your meeting for contracts for the annual maintenance of the Kildare and also the Ballycowan River Drainage Districts. Direct Labour is being employed on the other districts under maintenance this year.

Your obedient servant,

JOHN RORKE,

Co. Surveyor.

18th May, 1936.

It was proposed by Mr. Phelan, seconded by Mr. Smyth, and unanimously agreed: "That the Council's Solicitor be authorised to procure Counsel's opinion on the matters raised in the County Surveyor's Report.

(11263).

#### OVERSEER'S WAGES.

The County Surveyor submitted an application from Overseer Moore for an increase in wages which had been reduced when the road expenditure was reduced. As the expenditure had now been restored to the original figure he considered he was entitled to have his wages increased. The County Surveyor stated that there were also applications pending from Overseers who are at the minimum rate and he recommended their favourable consideration.

Mr. Phelan proposed and Mr. Smyth seconded, and it was agreed:—"That the County Surveyor be authorised to deal with applications for increases of Road Overseers' wages."

(11264).

#### NEGLECT OF CONTRACTS.

#### UNIVERSITY SCHOLARSHIP SCHEME.

The following letter was read from the Rector, Knockbeg College, Carlow, dated 23rd May, 1936:—

Copy.

Colaiste Muire,  
Cnoc Beag,  
Ceatharloch,  
23rd May, 1936.

Dear Mr. Coffey :—

I would be grateful if you would kindly have the following emendation made in the University Scholarship Scheme. For the words in Clause (I) (tenable at) "**the Dublin College** of the National University," substitute the words "**any affiliated College** of the National University." The following is the reason for the proposed emendation :

A Candidate who has done his secondary studies through Irish should be allowed to select a University College where he can continue his work through that medium. Our boys, two of whom are candidates for University Scholarships, do the most of their work through Irish, and University College, Galway, is the only University College where all the work can be done through Irish.

Again, candidates who might select Dairy Agriculture as a career might prefer to select University College, Cork.

While, therefore, most of the candidates will always select University College, Dublin, it might be better to allow candidates a choice of the Colleges.

I hope you will have no difficulty in having the emendation inserted.

Very many thanks in anticipation.  
Bean-nacht is cead,

PEADAR MAC SUIBHNE,  
Rector.

P.S. : I have written to Mr. Harris and Mr. Fitzsimons.  
To/The Secretary,  
Kildare Co. Council.

Miss Darby proposed, and Mr. Fitzsimons seconded, and it was unanimously agreed :  
"That the emendation suggested be adopted."
