**Questions**

**15. Councillor Larkin**

Can we have double yellow lines applied to the section of road just west of the shops beside Colaiste Chiarain, Celbridge Road, Leixlip (on the same side of the road)?

**16. Councillor Larkin**

Can we have the road markings repainted at the entrance to Riverforest estate, Leixlip?

**17. Councillor Byrne**

While it is much appreciated that the council removed the ivy from the boundary wall at the Tea Lane graveyard which gives much greater vision to the very large volume of traffic that use the road daily, I would like to ask that the enclosed wall be examined

to establish if it is in a dangerous condition and a plan be set in place for appropriate action.

**18. Councillor Byrne**

To ask if signage indicating that there are 'children at play' in the area could be provided at Ballyoulster, Celbridge and also that a place name finger sign be provided there also.

**19. Councillor Byrne**

To ask the council if the roads in Oakleigh housing estate, off the Clane Road, Celbridge could be included in the maintenance works for 2012. It should be noted that this estate is one of the older estates in Celbridge and repair works are now required there.

**20. Councillor O'Rourke**

Can the council ensure that the appropriate advance warning signs and lights on the approach road to the new school in Ardclough are put in place before it opens?

**21. Councillor Purcell**

To ask the council to examine the entrance/exit at Riverforest estate, Leixlip with a view to proposing road safety measures at this junction. The council should start by re-marking the road in this area.

That this council outlines the final solution to the sewage odour at Rye Bridge, Leixlip stating time frame and cost. Further would the council state the source of funding for this project. In connection with this issue, would the council acknowledge the damage to the environment of allowing a pipe to discharge overflow into the Rye River at Rye Bridge and could the council remove it immediately.

**Housing, Community and Cultural Services (11:10 a.m.)**

**Motion**

**27. Councillor Larkin**

Following the rejection of the Part 8 proposal at Castletown Estate and Castletown Demesne, we consider how this land can be managed from both a physical and social perspective; we do so in such a way that includes the residents of the estates that border the demesne.

**Corporate, ICT and Human Resources (11:15 a.m.)**

**Motion**

**28. Councillor Purcell**

That the council seek a boundary extension from Salmon Leap Bridge (Leixlip Bridge) to the first roundabout in County Dublin past the Springfield hotel.
