

This Christmas and New Year **Think *Before* You Drink!**

Think about...

- how you will get home tonight?
- if you drink tonight and drive in the morning, what are the consequences?
- if you are stopped and breathalised by a Garda, what will happen?
- if you are arrested and convicted of Drink Driving, what will you lose?

Think how simple and safe it would be to appoint a Designated Driver, get a taxi, a bus or a lift from a sober friend.

Think *Before* You Drink!
