

The kildare.ie website is the most comprehensive information resource in the county. It's a community based portal, bringing together community, local government and business information and services.

The Kildare Community Network promotes the use of the internet among all sections of the community in Kildare.

The website has been online since 1998 and in 2001 attracted over 640,000 visitors who downloaded over 2.3 million documents.

Currently there are over 2,100 visitors viewing almost 9,000 documents each day.
