COLLECTORS' POUNDAGE.

A letter, dated 11th Meitheamh, 1936, from Department of Local Government and Public Health, as follows, was read:—

A Chara,—I beg to state that I have received a letter dated 11th instant from Department of Local Government and Public Health in the following terms:—"I am directed by the Minister for Local Government and Public Health to acknowledge the receipt of your communication of the 4th instant, regarding the payment of poundage to the Rate Collectors, and to

state that, having regard to the terms of this Department's letter of the 16th March last, the Collectors received ample notice of the disciplinary action by way of reduced poundage fees that would result from failure to close their 1935-'36 warrants by the 30th April.

I am accordingly to state that payment of poundage may be made to the Collectors in respect of their second moiety collections on the following basis:—

(a) where the sums carried forward do not exceed 12½ per cent. of the warrant, poundage at the rate of 6d.

(b) exceeding 12½ per cent. but not over 20 per cent. of the warrant, 90 per cent. of poundage at the rate of 6d.

(c) exceeding 20 per cent. of the warrant, 85 per cent. of poundage at the rate of 6d.

For the purpose of computing the percentages collected in the warrants, the Minister will raise no objection to the exclusion of arrears carried forward from the warrants prior to those for the year ended the 31st March, 1935. The Department should be notified in due course of the Collectors who, having regard to this adjustment, come within the scales of payment specified above.

I am to add that the Minister is not prepared to vary his decision in connection with the poundage rate of 6d. granted to Collectors in respect of their first moiety collections."

Mise, le meas,

WM. E. COFFEY,

Runaidhe.

To/Each Rate Collector.

The following letter was read from the Collectors: "We, the undersigned, Rate Collectors, hereby apply to the County Council for 8d. in the pound on the amounts of our warrants lodged. We understand from a letter from the L.G.D. that the Collectors are being cut by amounts from 25% to 40% of their poundage because they had not closed on 30th April, notwithstanding the fact that the Council extended the time for closing to 20th May. This is unfair to the Collectors as several of them were prepared to close if their Sheets were considered in April." Signed, Francis J. Field, P. J. Bell, J. J. Tyrrell, Brian King, Jos. Headon, John Downes, Patk. Robinson, Thos. Sammon, Geo. Coonan.

Collector Headon wrote as follows:—
To The Secretary,
Kildare County Council.
Athgarrett,
Naas,
19th June, 1936.

Dear Sir,—As I was laid up from the 21st November to the first week in January through illness as the certificates from my doctor, which I sent to the Council, will prove, I am surprised at being cut 2d. in the £ in my poundage, for as I only had my books a very short time before I became ill, and under all the circumstances it is very hard treatment for to be cut the amount of £25 10s. in my present half-year's pay, as under present circumstances it is very hard to collect money, and when a man does the best he can, I think that it is beyond all justice to stop the money.

Hoping your Council will see their way to impress on the Local Government Department the necessity of paying the amount in full.

Your obedient servant,
JOSEPH HEADON,
Collector.

A letter was read from Collector Bell requesting restoration of 2d. in the £ which was deducted on 1st Moiety. Mr. Doyle proposed and Mr. T. Dunne seconded, and it was resolved:—

“That in view of the fact that the Collectors were prepared to close on the 30th April, 1936, if the Council had considered the arrear sheets on that date, the Committee are of opinion they are being harshly treated and strongly recommend the Minister to reconsider his decision in the matter.”

The Committee also request the Minister for Local Government and Public Health to sanction Poundage to Collector Bell at 8d. in the £.

MISS BEHAN'S APPOINTMENT.

The following letter, dated Meitheamh 6, 1936, G.63780/36, Cill Dara, from Department of Local Government and Public Health, was read:—

A Chara,—“I am directed by the Minister for Local Government and Public Health to refer to the concluding paragraph of this Department's letter of the 14th February last regarding the proposed appointment of Miss Bridget Behan as Clerk on the established staff. The usual method of recruiting Assistant Clerks is to ascertain by open competitive examination whether the candidate possesses the requisite knowledge and ability for the proper discharge of the duties, and to appoint the candidate who obtains the highest aggregate marks and passes in every subject, provided he or she is within the prescribed limits of age, is free from physical disease and is qualified as to character.

Up to the present the Minister had not been satisfied that such of these conditions as relate to educational qualifications were present in connection with Miss Behan's entry into the Council's service as consideration of the test papers and results showed that neither of the candidates who presented themselves for the examination in 1926 had obtained a standard which would justify a permanent appointment being sanctioned. It has been noted, however, that since then Miss Behan has acquired a satisfactory knowledge of the working of the County Surveyor's Office, and presumably she is now fully qualified to carry

out the duties which are appropriate to the permanent post which was advertised in 1926.

The Minister in these circumstances, will be prepared to approve of the appointment now being made permanent, but before this can be done, the regulations applied by the Local Authorities (Office and Employments) Order, 1934, should be complied with. The procedure requires that notice of motion should be given and entered on the minutes of an ordinary meeting, of the intention of the Council to appoint a permanent clerk at the next ordinary meeting. An advertisement should appear giving notice of the Council's intention at least 7 days before the appointment is made. When the motion has been adopted and acted on, it should be submitted for the Minister's formal approval."

(11215).

COLLECTORS' ACCOUNTS.

The following letter, dated Jul 8, 1936, from Department of Local Government and Public Health, G.133383/36, Cill Dara, was read :—

A Chara :—

I am directed by the Minister for Local Government and Public Health to refer to your letter of the 22nd ultimo, relative to the poundage of the Rate Collectors, and to state that he regrets that he cannot see his way to agree with the Council's application for a remission of the penalties imposed, without being furnished with an assurance as to the manner in which the Council themselves will carry out for the

future their obligations under the Public Bodies Order in regard to Rate Collection.

It will be recollected that on the 16th March last, a letter was addressed to you drawing attention to the backward state of the collection, and setting out in the clearest terms that no delay beyond the 30th April in closing the warrants could be condoned. As a results reports were obtained from the Collectors and submitted to the Finance Committee, who did not consider the explanations satisfactory, and who directed that all the collectors should be warned that they would not be prepared to recommend any extension of time for closing beyond the 30th April. On the 27th April the Council had before them the Lists of uncollected Rates which they are required by the amended Article 102 (3) of the Public Bodies Order, 1929, to decide on not later than one month after the close of the financial year. Instead of complying with this obligation, the Council adjourned consideration of the sheets until their quarterly meeting and requested the approval of the Minister to the 20th May being fixed for the closing of the collection. The Department's reply indicated that owing to the dilatory manner in which the collection had been proceeded with he was not prepared to sanction the proposal.

I am to point out that the Minister views most seriously this unauthorised departure from the requirements of the Collectors' Bonds, and the Public Bodies Order. The effect has been to encourage belief in the minds of the Collectors that the Minister's views on this important matter may be disregarded, and also to endanger the security afforded to the Council under Fidelity Guarantee and other Bonds. The latter aspect of the matter raises a most serious issue which the Minister considers can only be dealt with by explicit assurances that the prescribed conditions will be adhered to in future. There must be (1) that Collectors will, under penalty of dismissal, be required to furnish their Schedules of uncollected rates not later than one week after the close of each financial year, (2) that the report under Article 102 (2) of the Order will be submitted to the Council within the prescribed

time, and (3) that the lists will be finally dealt with not later than one month after the close of the financial year.

The Minister will be prepared to reopen the question of poundage to the Collectors only in the event of the above assurances being submitted by formal resolution.

Mise, le meas,

Dear Sir,—

I am instructed by Mr. Michael Connolly, of Bluetown, Allenwood, Co. Kildare, to claim from you the sum of £85, damages to his house and chattels at Bluetown, aforesaid, by reason of the County Council's neglect to properly cleanse and scour the rivers and drains under their supervision, as the Rathangan River Drainage Authority, and for your information I enclose an extract of my Engineer's report. Kindly let me hear from you thereon within the next fortnight, as in the event of the Council's refusing to pay compensation, my client will institute proceedings for recovery thereof, at the first available opportunity.

I would also take this opportunity of warning the County Council to carry out their obligations, regarding these rivers and drains in a proper manner, as further flooding is likely to occur, and my client's property is bound to suffer additional damage for which the County Council will be held liable.

Yours faithfully

(Sgd.), P. P. WILKINSON.

EXTRACT.—

Connolly's house was damaged thus: 6" water in kitchen (mid-apartment) and room next road. The water came up through the floor and in through mud walls of which the house is constructed. To-day the floors in kitchen and this room reminded me of the bottom of an excavation recently dug in soft ground. I went to my ankles walking about inside the house—all liquid slime. The ashpit filled with wet mud and the fire place do. The fire is set on a metal disc of some sort laid on stone to elevate it above the ground level to about 4". The floors are all bulges and depressions. The foundations (if you can apply such a term to mud walls built on bog) are in a bad way and when the subsoil dries out I am afraid something is going to happen. The bedroom (sough of kitchen) got off more lightly.

The cart house or barn marked red on map is in the same predicament as the kitchen and dairy.

Damage to furniture and bags of provisions, etc., about £10.

In addition to this discomfort, worry and fear caused to the aged couple who reside there, they were also marooned within the house because the flood was all around the house and closed the exit to the road. The discomfort still remains because the floor is in mud and the whole place wet and damp. I estimate a sum of £10, for this.

The house is not very valuable, but it is their home and is now unfit for habitation and is also dangerous. Say £75. Total, £85 0s. 0d.

With reference thereto the County Surveyor wrote on the 7th July, 1936, as follows:—

The Secretary,
Kildare County Council,
Courthouse, Naas.

RE MR. MICHAEL CONNOLLY, BLUE-
TOWN, ALLENWOOD.

Dear Sir:—

In reply to your letter of the 2nd instant, any drains in the proximity of Mr. Connolly's house were thoroughly cleaned last Autumn, and, consequently, it is incorrect to assume neglect on the part of the County Council.

We consider that the flooding is due to the condition of a stream which it is not the duty of the County Council to maintain under the Drainage Act, as it was not part of the original works constructed by the Board of Works under the Drainage Act. The private drain in question, into which Mr. Connolly's plot drains, has been partly attended to by the Land Commission, some years ago, and eventually reaches the Rathangan River about $\frac{3}{4}$ of a mile below Mr. Connolly's house.

In conclusion, the Council received no warning from Mr. Connolly that the drains were in any need of attention since they were thoroughly cleaned last Autumn.

Yours faithfully

(Sgd.), JOHN RORKE.

P.S.—As regards the stream which we think should drain Mr. Connolly's house, I have, without prejudice, on 3 different occasions, when the opportunity arose, recommended that it should be put in order by one of the Minor Relief Schemes which have been undertaken by the Board of Public Works in the area, and I am in hopes that this suggestion may soon be acceded to.—J. R.

COUNTY ACCOUNTS.

The County Accounts, Receipts and Expenditure Books for the Quarter ended 30th June, 1936, were examined and signed by the Chairman, and the following books, etc., were produced by the Secretary written up to

Mr. Chairman, Miss Darby and Gentlemen,—

I have the honour to report that at the Quarterly Meeting, recently held, Contractors' Applications amounted to £941 14s 10d. The manner in which this sum was dealt with is shown in the following table:—

To pay	To defer	To strike off	To strike off under Sec. 54
£845 0s 10d	£79 10 9	Nil	£17 3 3

During the Quarter ended 30th June, 1936, in addition to £845 0s 10d recommended for payment as above the sum of £18,240 1s 0d was certified to the Finance Committee as follows:—Main Roads, £11,208 16s 5d; County Roads, £3,811 11s 9d; Grants and Loans, £3,219 12s 10d.

These figures indicate that contractors' maintenance of the smaller roads is proceeding in a normal way, but a further number of contracts have been relinquished during the quarter.

A very large amount of road improvement has been in progress during the quarter in various parts of the county and continues to keep all your steam rollers and other plant in full commission; and it is expected that this will continue during the winter as far as the weather will permit the specified type of work.

The reconstruction of the Liffey Bridge at Newbridge is now practically completed and, as anticipated in my last report, normal traffic has been restored for some weeks.

The work of cleansing and maintenance of the various arterial drainage districts selected at your last meeting has been duly undertaken according to your directions.

Your obedient servant,

JOHN RORKE,

Co. Surveyor.

(11230)

COMPLAINT RE CARTAGE.

The following letter dated 15th July, 1936, from the County Surveyor was read and considered satisfactory:—

"In reply to your letter of the 29th June regarding above matters my assistant, Mr. Quinn, reports under date the 14th instant, as follows—Re Colgan: Stynes, nor I, cannot trace any man named Colgan, but there is a man named Crabbe. He was offered carting when roller was convenient to him, but was unable to accept it as he was in other employment. During the spring in this section, at Cloney, about 16 carters a day were employed. All applicants were taken on in rotation, and no complaints received.

"When the spring agricultural work was being done we were left short-handed for about three weeks.

"Holligan got a job of task work from Ballykelly pit for 4 days—he had not a man to follow second horse and was paid off.

"Re Overalls—Two suits of overalls were supplied to each gang. One of the gangs were using cold tar; only the men sweeping road in front of boiler are not supplied with suits."

(11231)

HOARDING AT ATHY.

A letter dated 28th July, 1936, was read from the County Surveyor stating he had authorised Messrs. D. and J. Carbery to erect a temporary hoarding at Mr. Anthony's Office, Market Square, Athy.

The Council approved of the County Surveyor's order.

(11232)

The following letter dated 21st August, 1936, from County Surveyor was read:—"I have a report from Mr. Kirby, Assistant Surveyor, that concrete foundations for a house under Utility Scheme) were laid at land at Narraghmore—on the turn to Calverstown—and that he found it necessary to stop the work on the 20th instant, as the site for the house was too near the corner, and it has now been changed to another portion of the field away from the corner. As there is a possibility of other houses being built on corners similar to above, thereby causing obstruction of view to road users, I would like the Council to make an order to the effect that persons intending to build houses—whether under Utility Schemes or otherwise—on, or near road corners, must first obtain the permission of the Council."

The Council directed that all persons building houses in the vicinity of road corners should first obtain the permission of the County Surveyor.

(11233)

BALLYMORE-EUSTACE UNEMPLOYED.

A deputation from Ballymore-Eustace on behalf of the unemployed attended the meeting and requested the Council to speed up works in that area.

The Council directed that the Bonds be sold and the proceeds placed to credit of the Drainage District.

The Irish Land Commission notified the transfer of £18 Land Bonds in respect of Mrs. Wallace's Estate for rates due and Charging Order on Blackwater Drainage District and the receipt of 19s interest thereon which was placed to credit of the district.

(11236)

GRANT OF £4,000.

The following letter dated 20th August, 1936, RU/203 from Local Government (Roads) Department was read:—

Employment Scheme Vote—1936/37.

Road Works—Rural Areas.

A Chara,—

I am directed by the Minister for Local Government and Public Health to inform you that he has been advised that with a view to relieving unemployment in the Rural Areas and in or near non-urbanised towns, funds have been placed at his disposal for the allocation of grants for road and footpath

works, subject to the condition that County Councils provide contributions of amounts equivalent to two-thirds of the amount of the grant, i.e., 40 per cent. of the total cost of the scheme.

A grant of £4,080 has provisionally been made available to which must be added the required local contribution of £2,730 towards the cost of carrying out schemes of road or footpath works. Where works financed from the Road Fund are in progress the carrying out of additional road works under a Relief Grant will only be authorised to the extent to which they may be required to supplement expenditure from the Road Fund.

Accordingly, if your Council desire to avail of the grant I am to request that you will be so good as to submit, as soon as possible (on the annexed Form II) schemes providing for a gross expenditure within the current financial year of the sum of £6,810 allocated as follows:—

1—Rural areas (including towns and villages with population of less than 200)	£4,000
2—The following towns and villages:—	
Ballymore-Eustace	£220
Celbridge	200
Droichead Nua	670
Kilcock	170
Kildare	320
Leixlip	390
Maynooth	320
Monasterevan	370
Rathangan	150
	2,810
Total	£6,810

Having considered the foregoing letter it was proposed by Mr. T. Dunne, seconded by Mr. Fitzsimons and resolved:—“That the Kildare County Council hereby apply to the Hibernian Bank, Ltd., for Loan of £2,730 for road improvement works, repayable in 3 years by equal half-yearly instalments with interest on outstanding balances.”

(11237)

INSURANCE OF WORKERS.

The Employers' Liability Assurance Corporation, Ltd., quoted a premium of £172 10s 0d for insurance of workmen on estimated wages expenditure of £4,000.

The Council accepted the quotation.

The Employers' Liability Assurance Corporation, Ltd., quoted a premium of £87 10s per annum on an estimated wages expenditure of £35,000 for Third Party Insurance to cover the whole activities of the Council.

The Council adjourned consideration of this matter to a future meeting, meanwhile enquiries were to be made as to whether public liability was included in the proposal.

(11238)

COUNTY LIBRARY.

The following reported dated 19th August, 1936, from Mr. J. C. Connolly, County Librarian, was read:—

Dear Sir,—

A special meeting of the Library Committee was held on the 18th instant to examine the Engineer's final report relative to the new County Library building.

The Engineer's Assistant, Mr. McDonnell, attended the meeting and reported that all defects in building were now remedied and that he was quite satisfied with the work of the contractors.

Mr. McDonnell next presented the financial statement as to the entire cost of the building, copy of which is herewith attached. After examining the statement the members of the Committee were surprised to find that the total cost of the building, including Engineer's fees exceeded the combined amount of the Loan, Carnegie Trust Grant and £25 extra voted by the County Council, viz., £4,350 by £280 10s 7d. At all the meetings of the Committee Mr. Sargent, Engineer, gave the members to understand that when all extras and credits had been taken into account the total cost would not exceed the combined amount mentioned above.

The Library Committee are very dissatisfied with Mr. Sargent for not being more explicit in his statements presented at meetings as, had the members known that the commitments would exceed the money allotted the attention of the Council would have been directed to the matter.

Owing to the limited finances of the Committee the paying of this deficit out of our annual income is impossible and it was decided to request the County Council to assist the Committee to pay this amount, either by way of grant or loan.

I was also directed to inform you that the Engineer was instructed to submit his final certificate to the Library Committee before handing it to the Council.

Yours faithfully,

(Sgd.) JOHN C. CONNOLLY.

(11244)

Mr. Doyle proposed the following:—"That in view of the complaints made as to the unsuitability of the present accommodation for holding of District Courts in Rathangan that the Council give Mr. P. Byrne, Newtown, Rathangan, who owns the Hall situated at River Row, a rent of £15 per annum for use of Hall. Mr. Byrne to put Hall in such order as the County Surveyor thinks fit."

Mr. Doyle's proposal was referred to the County Surveyor for a report.

(11245)

CLERK IN COUNTY SURVEYOR'S OFFICE.

Miss Bridget Behan, Ballyteague, was the only applicant for the position of Clerk in the County Surveyor's Office. She produced a certificate from the County Surveyor stating

that she is perfectly competent to discharge all the required duties of the office.

Mr. Phelan proposed and Mr. Fitzsimons seconded and it was unanimously agreed:—“That Miss Bridget Behan be appointed Clerk in the County Surveyor's Office at a salary of £130 per annum, rising by annual increments of £10 until £180 is reached.”

A Chara:—

With reference to your letters of the 16th and 27th July, 1936, relative to above, I give hereunder particulars regarding action taken by the Gardai in the samples which on analysis proved to be adulterated.

Sample forwarded by Garda Darcy, Carbury, 9/4/'36. The defective sample in this case was taken from Mr. E. Bourne, Haggard, Carbury, Co. Kildare. At Edenderry District Court on 9/6/'36 the District Justice, after hearing the evidence, dismissed the case under the Probation of Offenders Act.

Sample forwarded by Garda Boland, Kill, 22/4/'36. This sample was taken from Bartle Doyle, Kill, Co. Kildare. As the adulteration was slight (5.33 per cent. fat abstracted) the Analyst did not forward the usual prosecution certificate, and consequently no action was taken.

case is listed for hearing at Athy District Court on 8/9/36.

Sample forwarded by Garda Hanrahan, Celbridge, 10/6/36. The defective sample in this case was taken from James Murray, Collinstown, Celbridge, and proceedings have been instituted. The case is listed for hearing at Lucan District Court on 20/8/36.

dare. Summons has been issued and the case is listed for hearing at Kildare District Court on 14/8/36.
